

### Plastic update!

The challenge Kelly is running has quickly surpassed their 500-pound recycling goal in only 3 months. She will continue collecting plastic simply to recycle it until her new initiative starts in November.

Please keep bringing in your plastic and thank you for all you have recycled so far! Plastic film includes all #2 and #4 plastics such as plastic grocery bags, Ziploc bags, bubble wrap, Amazon mailers, dry cleaner bags, cereal box liners, etc. These plastic films are gathered, weighed, and brought to the Trex drop off point. A bin will be placed outside the office doors for anyone who would like to recycle their plastic.

Plastics **not** accepted include: frozen food bags, candy bar wrappers, chip bags, net or mesh produce bags, pet food bags, meat packaging, lamination film, vinyl shower curtains or table cloths, shiny, crinkly films like floral wrap. Please see Kelly with any questions and visit [nextrex.com/view/educate](http://nextrex.com/view/educate) for more information!
